ON THE COVER

The National Geospatial-Intelligence Agency is both a member of the Intelligence Community and a Department of Defense Combat Support Agency. As part of DOD, NGA provides geospatial intelligence to the military worldwide, supporting both warfighter and civil affairs missions. *Cover design by Ron Kee; DOD photo. Back cover, Wikimedia Photo*

The Pathfinder is the National Geospatial-Intelligence Agency publication that promotes public awareness and understanding of geospatial intelligence. The Pathfinder is an authorized Department of Defense publication for members of the Department of Defense. Contents of this publication are not necessarily the official view of, or endorsed by, the U.S. government, Department of Defense or NGA. Articles in the Pathfinder may be reproduced in whole or in part without permission, unless stated otherwise. If reproduced, credit the author and the "National Geospatial-Intelligence Agency, the Pathfinder magazine." Any reproduction of graphics, photographs and imagery is subject to the original copyright.
